Operational Summary for the Nine Months Ended September 30, 2010:

(in thousands of US dollars)

Revenue

Revenue for the nine months ended September 30, 2010 increased \$16,138, or 16.6%, to \$113,065 from \$96,927 for the nine months ended September 30, 2009. The increase in revenue

was primarily due to higher pricing during the first nine months of 2010 versus the first nine months of 2009. Pricing for the Company's tomato products was 19% higher in 2010 versus 2009.

Gross Profit

Gross profit for the nine months ended September 30, 2010 increased \$11,124, or 151%, to \$18,483 from \$7,359 for the nine months ended September 30, 2009. The increase in gross profit was directly due to higher pricing. Cost of sales for the Company's own facility production was 4% higher during the first nine months of 2010 than in the corresponding 2009 period, mostly due to cost increases in the packhouse as the Company is experiencing increased demand for value added packaging and a move by retailers to more reusable shipping cases which have a higher cost.

Selling, General and Administrative Expenses

Selling, general and administrative expenses for the nine months ended September 30, 2010 increased \$1,091, or 12.9%, to \$9,580 from \$8,489 for the nine months ended September 30, 2009. The increase was primarily due to increased personnel costs.

Interest Expense, net

Net interest expense, for the nine months ended September 30, 2010, decreased \$341, or 14.1%, to \$2,078 from \$2,419 for the nine months ended September 30, 2009. The decrease was due to the continued reduction in debt levels throughout 2010 and 2009.

Other Income, net

The increase in net earnings and comprehensive earnings was due to higher gross profits resulting from increased pricing, partially offset by increased administrative costs and income taxes.

EBITDA

Gross Profit

Gross profit for the quarter ended September 30, 2010 increased \$1,060, or 113%, to \$1,995 from \$935 for the quarter ended September 30, 2009. The increase in gross profit was directly due to higher pricing. Cost of sales for the Company's production was 5% higher than the Company's cost of sales during the third quarter of 2009 primarily due to a higher volume of value added packaging and the higher cost of shipping supplies.

Selling, General and Administrative Expenses

Selling, general and administrative expenses for the quarter ended September 30, 2010 increased \$734, or 27.4%, to \$3,409 from \$2,675 for the quarter ended September 30, 2009. The increase was primarily due to higher 2010 personnel costs as well as the quarter ended September 30, 2009 benefiting from the reversal of a bad debt expense of \$216 from a prior period. On a like for like basis the increase was \$518, or 18%.

Interest expense, net

Net interest expense, for the quarter ended September 30, 2010, decreased \$118 to \$699 from \$817 for the quarter ended September 30, 2009. The decrease was due to the continued reduction in debt levels throughout 2010 and 2009.

The increase in other income was primarily due to the receipt of a Canadian government subsidy of \$1,030 during the three months ended September 30, 2010 versus a loss on derivatives related to interest rate swaps of \$485 and a loss on foreign exchange of \$829 for the three months ended September 30, 2009.

Net Loss and Comprehensive Loss

Net loss and comprehensive loss for the quarter ended September 30, 2010 improved \$2,225 to (\$552) from a net loss and comprehensive loss of (\$2,777) for the quarter ended September 30, 2009. The net loss decrease was due to an increase in gross profit as a result of higher prices and the receipt of a Canadian government subsidy.

EBITDA

EBITDA for the quarter ended September 30, 2010 increased \$1,390 to \$1,098 from (\$292) for the quarter ended September 30, 2009.
